

Our Seeds Experiment

Name _____

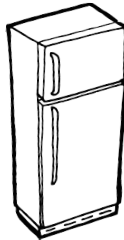

We planted a seed in different conditions as described in the book "The Tiny Seed". This is what we observed.

Growing Well or Growing Poorly

Date _____

Seed planted in soil and placed it in the freezer like the seed landing on top of a mountain. We also watered it.

Seed planted in sand, placed in the sun with no water, like the seed landing in a desert.

Seed planted in water, placed in the sun, like the seed landing in the ocean.

Seed planted in soil, placed in the sun with water, like the seed landing in a garden or yard.
